(Photo by Ed Fayard, Jr.)

Lafontaines are feted on 50 years

Mrs. and Mrs. ASA Lafontaine were joined at a reception given by close friends, neighbors and relatives on the occasion of their 50th wedding anniversary Sunday afternoon at their home on Old Spanish Trail.

Guests were Mrs. Curtis Lafontaine, Mrs. Norman Tavares, both of Bay St. Louis; Mrs. Warren Hale of Long Beach and Lawrence Lafontaine of Bay St. Louis.

The golden color scheme was carried out in decorations and refreshments and the grand and refreshments and the grandchildren of the honored couple assisted in serving. The golden wedding cake was topped with a miniature bridge and groom and flanked with candleabras holding golden tapers. Arrangements of yellow and gold mums and gladioli were used about the house.

Mrs. Vladimir Fucich, a niece of the couple, served punch and Miss Carolyn Tavares, a granddaughter, kept the guest register. A host of friends and relatives from this area and along the coast and New Orleans called during the afternoon.

The couple was married Sept. 13, 1914. Mrs. Lafontaine is the former Miss Victoria Nacelle.

State officers to visit HARC

J.R. Trim, president of the Mississippi Assn. for Retarded Children, and Harry R. Scott, executive director, have announced that they plan to be here Thursday, Sept. 24, as guests of the Hancock County Retarded Children's Assn. meeting that evening.

This will be the first visit by the state president and executive secretary to the local unit.

The local Retarded Children's unit will be evaluated by Scott at a date to be announced later in the year.

TRUCKS FOR '65!

More models, more engines,
more Chevy workpower!

The long strong line of Chevy trucks for '65 is rolling in with miles of new working equipment like the hot-hand-some Fleetside pickup that leads the pack—“one of the 18 pickup models in the line this year.”

Further along you'll find economical Chevy-Vans, a wide selection of walk-in vans, a super choice of big trucks, more job-tailored components—trucks built to fit your business and budget.

And under those hoods you'll find

the best in 4 and 6-cylinder diesel power, 18 tough trucks in all including 4 new diesels. Here's the hottest of haulers that ever came for work!

One word for all this is work! That's the stuff that makes a real truck. A hard-nosed truck. Yes, workpower's here and got it. In such a variety of sizes that picking the best for your job will be easier than it's been before. If you're in the market, just get in touch with your dealer.

Telephone your Chevrolet dealer about any type of truck you want.

Easy to give

We readily admit that Hancock County Blood Bank is a favorite of ours among the charity type organizations. We believe it should rank high on the list of everyone in Hancock County and for many reasons.

Whole blood for transfusions is an essential part of modern medicine and use of it saves lives day in and day out. When someone from Hancock County needs blood it is available and without charge. This is because of Hancock County Blood Bank. When someone from Hancock County or elsewhere is a patient at Hancock County General Hospital and needs blood it is available. Again because of Hancock County Blood Bank.

As hospital facilities in the county increase, as the population here grows, the demand for whole blood goes up. A couple of years ago, the needs of Hancock Countians for blood could be supplied through two drawings a year and use of the walking blood bank for rarer types of blood. A year ago the schedule was upped to three drawings a year. Now that is proving inadequate. The Blood Bank is overdrawn in a large way and a special drawing is set for next Wednesday, Sept. 23, at the American Legion Home from 2 p.m. to 8 p.m. Four drawings a year are now scheduled.

Next week the Blood Bank is also conducting one of its few drives for money to finance these drawings—about \$150 is needed for each drawing. We hope local people will be generous in their financial support. It is badly needed. But giving their blood is even more important and that is where the blood bank has one advantage over other charities.

Only good health is needed to give prime support to it. Few can say to themselves "I can't afford it".

Our conclusion

Along with millions of others we have spent hours in past weeks trying to decide for ourselves whether the United States of America will be better off during 1965-66 and in the years after if President Lyndon Johnson is reelected or if Senator Barry Goldwater is elected president. Admittedly we have not given similar thought to the possibility that one of the vice presidential candidates might succeed to the presidency during that period as President Johnson did. This is at least partly due to an ignorance about Congressman William Miller and more so due to an automatic cringe at the thought Senator Hubert Humphrey might be president.

Each time we try to appraise what we know about the presidential candidates and what they profess to offer the country, one major factor strikes us. For over thirty years, and at an increasingly faster pace, this country has been moving toward an omnipotent central government. Whether the end product be called state socialism, communism, fascism, welfare state or a people's democratic republic matters little. When that point is reached it means a dictatorship over the lives of the vast majority of us.

For many any realization of this course by our country will mean that in reaction they will vote for Senator Goldwater, since he would apparently at least cut the throttle and might even alter our direction.

In our opinion, however, the question is not that easily answered. This country is materially prosperous as it has never been. The vast majority are living "high off the hog." That this prosperity is bottomed on deficit spending for thirty years and other apparently artificial props does change the fact that it is prosperity. At most it raises merely the question of when must the piper be paid and how.

Concomitantly with this prosperity has gone a large amount of fitness and a heavy dependence on an ever-increasing welfare state to satisfy our appetites. This is what frightens us. Can our country survive a change in directions? If Washington reduces the supply of economic dole we have been taking in increasingly large doses, will the D.T.'s be more than the palliative potion?

We don't know. We do know that the longer we continue our present course the harder it will be to cover off. We hope, and believe, the American people have more stability and more fortitude than they sometimes exhibit. Even if we find we must continue our course toward an omnipotent central government equipped with the strongest opiate, we believe it is time and not too late for us to at least protect our breath, regroup and find out where we stand.

On Nov. 3 we expect to vote for Senator Goldwater. We hope you will too.

By Drew Peterson

WASHINGTON—President Johnson received some shocking news regarding the effect of race riots on Northern voters. He has taken confidential polls around the country and the one which joined him was from Hancock County, Mississippi area which pride itself on having been right in every Presidential election.

The polls showed that before the Republican convention in San Francisco, new voters were registering only 4 per cent Republican. After the convention they registered 6 per cent. But after the Philadelphia riots new Republican registrants shot up 80 per cent.

As a result, LBJ has asked J. Edgar Hoover for full report on the suspected cause of these race riots. Hoover has reported that they follow a pattern, usually beginning with an incident involving a police arrest with agitators taking advantage of the incident and whipping the crowd into a frenzy.

Hoover has also reported that racial troubles appear to be traveling in a pattern; on a straight line through the country. The next two cities due for riots are Baltimore and Washington.

He has also reported that the pro-Chinese wing of the Communist Party has had agitators stirring up some of these riots with probable right-wing money also freely contributed.

Premier Khrushchev told me when I saw him in Cairo last May that he believed any President the Republicans elected, whether Goldwater or Rockefeller, would try to cooperate for peace.

In private conversations with other American visitors, Khrushchev has gone further and told them that it doesn't make much difference to the Kremlin who wins the American elections.

President Johnson, he said, seems to be more devoted to peace than Goldwater. But he recalled that it was the Democrats who went to war over Korea and the Republicans who ended the war.

He also pointed out that President Kennedy, a Democrat, had risked war by demanding the removal of Soviet missiles from Cuba and that President Johnson had ordered the bombing of North Vietnamese bases.

Arthur Gardner, ex-Ambassador to Cuba, doesn't like birds. Especially he doesn't like sea gulls which wake him up early in the morning.

So Gardner purchased several thousand square feet of sticky fly paper and spread it on the beach outside his Rhode Island summer home.

Next day, the sea gulls got as tangled up as early American policy in Cuba.

The suburbs won a great victory last week when President Johnson decided to block the Dirksen amendment to override the Supreme Court's decision for the reapportionment of legislatures.

It won't be announced, but President Johnson has sent word to Senate leaders to throw their weight against Dirksen in his effort to stall for time and thereby permit a Constitutional Amendment over-riding the Supreme Court decision that state legislatures must be reorganized.

Inside story on what happened was that Senate research showed the suburbs more than the big cities would profit by reapportionment of state legislatures.

Also such leading Democrats as Senators Paul Douglas of Illinois, Joseph Clark of Pennsylvania, and William Proxmire of Wisconsin threatened to hammer a plank into the Democratic platform at Atlantic City supporting reapportionment.

The President persuaded the Senators to drop their platform attempt and gave his word in return that he would help them block the Dirksen proposal in the Senate. True to his pledge, Johnson has now switched signals and has asked his leaders to help defeat Dirksen.

Hawks gain early lead but OS wins

Laboring under difficulties from pre-season illnesses which left several first-stringers on the injury list, Coach Ezell Lee's Hawks succumbed to last year's Gulf Coast Conference champions, Ocean Springs, last Friday.

The light and short-handed 11 of Hancock North Central came out strong early in the game when Paul Cuevas scored on a pass from Eddie Peterson. A pass play by the same pair locked up the extra point for a score of 7-0 favoring HNC at the close of the first quarter.

But the Greyhounds got their teeth in early in the second period by returning the Hawks' kickoff to the vulnerable 20-yard line. Mike Lips scored on the next play for Ocean Springs and Beaugez kicked the point to a 7-7 tie.

The Hawks ran out of steam on the return drive and punted to Greybrunner Dave Jalavich who carried the skin from his own 20 to the HNC 2-yard line. Williams went over the goal and Beaugez placed the extra point to set the Greyhounds 14-7. As the first half ended the Hawks had managed to work themselves into a heartbreaker, they were on the Greyhound 1-foot line with goal to go when the whistle blew.

In the third quarter the Ocean Springs combo of Lips and Beaugez racked up another seven. And late in the fourth period, they rubbed it in by repeating the performance when Hancock North Central lost its only fumble of the game on its own 2-yard mark.

In a post-game interview, Coach Lee offered no pat ex-

**What do you do
when you can't wait?**

WHEN A CRISIS COMES

**... and you need a prescription filled
at midnight**

... or your plumbing starts leaking

... or your car won't start

... or you run out of clean shirts

**... or when the cupboard or the baby
is bare**

**DO YOU saddle up and take a day off
to get the matter taken care of in the
City, or do you write to a catalog
house for help?**

OF COURSE NOT. Likely you hardly
recognize these and similar predic-
ments as crises.

Because YOU'VE GOT NEIGHBORS,
right here at home . . . with their skill
and their money invested in establish-
ments able to take most of your trou-
bles on their own shoulders so quickly

**that you scarcely notice they are dif-
ficulties at all.**

**But HOW MANY skilled craftsmen,
and good business men, and good
neighbors, and good workers in civic
and church affairs, and good taxpayers**

**. . . how many of these have cut down
their stocks, laid off employees, or left**

**the country . . . because all you were
buying from them was the things you**

couldn't wait to get somewhere else

**. . . and how many will leave in the
future to go where your money is
going?**

Off to hear Barry

Hancock County Goldwater for president boosters will leave by chartered bus at 5:30 p.m. today for New Orleans to attend the Republican standard bearer's speech tonight at Tulane Stadium in New Orleans. The bus will depart from the Greyhound station, according to Mrs. Fred Wagner, vice-chairman of the county Republican committee who is handling arrangements. Radio Station WRJA will carry a live newscast of Senator Barry Goldwater's arrival in New Orleans at 5 p.m.

More than two dozen workers attended a GOP campaign meeting at Goldwater headquarters on North Beach Tuesday night. Party leaders said it was the best attendance they have ever drawn. The county GOP women's club meets there at 10 a.m. today.

SJA parents plan supper

Sister Eugene, principal, reported on new school uniforms and plans were completed for a spaghetti supper Oct. 15 at the Knights of Columbus Hall when the Parents Club of St. Joseph Academy met Tuesday afternoon.

Mrs. Willys Rhodes, president, conducted the business session and appointed Mrs. John Schmae recording secretary to fill the vacancy created by the resignation of Mrs. Sylvan Ladner. Several new members were welcomed and reminded meetings are the first Tuesday of each month.

Officers were hostesses for the social period. The seventh grade won the attendance prize and Mrs. J.T. McCaleb won the entrance prize.

Harvest ball set Oct. 17

Annual harvest ball of the American Legion auxiliary was set for Oct. 17 when the women's group met Monday night at the Legion Home.

The auxiliary will also sponsor a party for patients from the VA hospital Sept. 29 with Mrs. Leroy Luke as chairman.

Mrs. Rene Bermond won the door prize. Hostesses for the social hour were Mrs. John Wilkerson and Mrs. John Rutherford.

GRAB THAT PIRATE - Bay High tackle Jim Rutherford, No. 70, goes after Pass quarterback Steve Coker, No. 12, as another Tiger floors Pass player from the front in Friday's Bay-Pass action.

Closer than score

Tigers topple Pirates

In their first home test of the season, the Bay High Tigers made it two straight this year by toppling the Pirates of Pass Christian 22-0 in a game which was a lot closer than the score.

The Pirates kept the Tigers working full time, but they couldn't get the leather over the line when it counted.

After a scoreless first period while the two 11 felt each other out, the Tigers broke the ice with two points on a safety in the opening of the second quarter.

A short while later Bay High rolled out a sustained drive of 55 yards to score the first TD of the game. Dick Mentayer's final plunge and Larry Johnson's kick left the Bay with a 9-0 lead at the end of the first half.

The Pirate line, averaging 15 pounds less than the Tigers but using its extra speed, held the home team at bay again in the third period. But the Tigers' extra punch trimmed the Pirates down for their second loss of the season in a hot and heavy final quarter.

The Pass Christian crowd did their best to pass their way down to scoring position and ran up impressive yardage in the attempt. But the beef of Bay High slowed them down until Mike Strong returned a Pirate punt to put the Tigers on the Pass 20-yard line. A five-yard touchdown sprint by Strong and the successful conversion by Johnson put the Bay 11 well out at 16-0.

The final score of the bout was late in the fourth when Dick Mentayer carried it over on a

As September rolls merrily along most are grateful for somewhat cooler weather, and mammas are for the most part shedding few tears upon the return of their offspring to school. In fact it's really one of the nicest months of the year for full-time recreation to enjoy.

Temperature is still warm enough to continue summer activities on now uncrowded beaches and piers, fishing is better than before and departing vacationers have leftboroughs less congested. There is one major drawback—September is the most hurricane prone month on the coast and we've heard a number of newcomers express consternation over the possible threat of Dora, Ethel and now maybe possibly Florence. We're not going to try to tell you that a hurricane is just a stiff breeze and anyone who recalls September 1947 has ample respect for storm warnings—but, with much improved methods of weather detection, one has little to fear. If a blow is imminent, leave any low lying area when so advised, as loss of life in '47 was due to drowning in tidal wave flooding, and there are plenty of buildings hereabouts which are relatively wind-proof and high and dry. In fact if your house is of good, solid old construction or new brick or masonry located on high ground away from the beach front, we suggest that you lay in a good stock of food and beverage, invite a group of friends less fortunate to move in and weather the storm while making a party of the whole affair!

Crowds in the stadiums

Don't see how there could have been any at home last Friday night, those not watching Bay High take their second win of the season, cheered the Rocks of Stanislaus to victory in their initial game. As we couldn't be in two places at once, we can only report on a few spotted in Bay High's new stadium which puts some college arenas to shame. Before we get to who was there, think the City Police are to be commended on the manner in which the enormous amount of traffic was handled. To be sure, we saw some faces usually seen in other occupations wearing uniforms, but it worked—the parking area was virtually emptied without mishap within 20 minutes after the final whistle blew.

Just a few seen in the stands included Dottie and Dan Russell, Ted Robin, Gerry von Antz, Betty and Gordon Romanoff, Lois and 'Gnu' Maurizi, Roseanne and Teddo Thomas, Elbie and Jay Clark, Alice and Bill Pitcairn, Miss Julia Blaize, Caruso and her mother-in-law, Mrs. Pascal Caruso. Julia reports her new daughter is fine and Mrs. Caruso looks fine following her recent illness; the Leroy Lukes, Iva May and John McDonald, Polly and Joe Comprenta, Ann Weaver, Mary Catherine and Leo Moran, and ever so many more.

Air conditioned celebration

We do know of one couple missing from the scene—Shirley and Vern Wilse were taking in the "strip" while celebrating their 10th wedding anniversary. They had fun, but Shirley said that the air-conditioning in most spots was so frigid that they wished they'd worn winter coats!

More Eastern Star news—this group will hold their annual supper for Masons and their wives at the Masonic Temple building on Thursday night, Sept. 24. Dinner will be served from 6:30 until 9 p.m. All new residents who are Masons are cordially invited to attend, and take it from us, don't miss it. . . we know most of the ladies, and they are out-of-this-world when it comes to culinary talents.

We wish to express our heartfelt sympathy to long-time friend Horace Farr and family upon their loss. Mrs. Farr passed away around noon at Hancock General last Wednesday after being hospitalized three times within a relatively brief period.

Grace and Herb Baron are now firmly ensconced in their lovely new Beach Blvd. home although Grace says it will be at least six months before she considers herself really settled. At least Herb has the mailbox holder freshly painted!

Happy to hear that Lloyd (Father) Cunningham has recovered from a series of ailments and left for his new job in Columbus on Sunday.

First granddaughter

Mat and Neil Rhodes are thrilled over their first granddaughter, little Mary Elizabeth Rhodes born on Aug. 16, in Jackson, weighing an even eight pounds. Highway Patrolman "Speedy" and wife Joan are the proud parents. They have one son, Neil, now 21 months old. Maternal grandparents are Mr. and Mrs. Frank Daley of Pass Christian.

Mr. and Mrs. Joseph Scafidi are our latest World's Fair visitors.

Get well wishes are on the way to Eleanor (Mrs. John) Bordages, who we hope by now has recovered from the virus; to Dave Markey—he's on the mend following recent surgery and to Dick Detloff who is recovering from a bout with pneumonia.

Our most consistent traveler, Hazel (Mrs. Charles) Dahl, is weakened at her Waveland summer home—following her trip to the Florida Keys and Nassau (from where she brought us the most attractive purse-size ash tray) she went

Mystery

Which local CD official got caught with his batteries down' the other Sunday night?

CB enthusiast Joe Darmiens is still waiting for the arrival of the lady in the white Thunderbird who promised to visit him during a two hour ham radio talk last week.

Joe Kern has been released from Gulfport Memorial after treatment for a kidney ailment. Although Miss Veronica Mohr is suffering from a painful heel, she is assisted in the store in his absence.

Mary Lou and Clare Kleinhan have deserted Waveland and are now making their home on Chartres Drive in Cedar Point.

Jane and Owen Williams, middle sized ones, David and Doug and little ones, Cricket and Richard, journeyed to Hattiesburg Saturday for a visit with daughter Karen, a sophomore at USM.

Tom Logue has added another honor to his ever growing list—he was installed as a member of the American College of Hospital Administrators during his recent trip to Chicago.

Enjoying their weekly Friday luncheon at Gus Stevens were Mr. and Mrs. Beverly Glass and Dr. and Mrs. Edward Soccola. Also seen in the same restaurant were Mattie North (looking cute in her "mamma" uniform), Mary Ellen Ladner, Adele Parks, Pie Kammer, and on another occasion Margie Logue and Marty

Charlie Ferry is home once more.

We finally have the name of Ruth Landry's great-great-grand-nephew...he was christened Christopher Dale Canizaro when baptised a couple of weeks ago. Incidentally Ruth has been quite ill...and though now improving, she is on a strict diet...absolutely nothing really good to eat or drink.

Charlie Ferry is home once more.

Waveland's Dot Russell thought three white mice would make ideal small pets for son Mike when she purchased a trio, one male and two females for his Easter gift. Dot, however, had no idea of the prolific tendencies of the tiny rodents—in her naivete she assumed that they laid eggs or something...anyway she has an excess on hand and anyone interested in acquiring white mice may look for her ad on the classified page.

Engine is due

Today is a big day in Waveland... the brand new fire engine is slated to arrive and we are certain, to be viewed with enthusiasm by the local populace.

Haven't had a chance to get a report on Margie and Sidney Woods' vacation to Mexico and all over, but just have to pass on Margie's reply when asked if she was taking the children along... "Only the one I can't leave here" . . . in reference to the latest, about three-quarters of the way to being ready for delivery!

Gertrude and Jack Toomey are checking daily on their new home now well on the way at the corner of LaFitte Drive and Central Avenue.

Going local

Shannon Roseberry is adapting nicely to local custom, but was a bit upset when she discovered boiled shrimp still had heads attached. She couldn't figure what to do with eyeballs which kept getting under her fingernails! Husband Tom is also going native... almost... he still has to wash his hands between each boiled crab. (Don't let it throw you, Tom... after all, these many years, we still can't go past more than three without rinsing the paws!

One of the doting grandmothers of them all, Margie Kempf is on cloud nine—daughter Margie, Jr., husband Joe Church and of course little Jody are due to return from Alameda, Calif., and make their permanent home either here or in New Orleans.

SIGHTS AND SOUNDS A-
LONG THE WAY —
day night got a bit wet during
the Lipson Cup Races.

Some summer teen-age residents leaving for their homes and school once again included Linda Herbig, Janet Kreiger, Ronnie Steimle, Janet Swayze, Sandra, Carlotta and Nancy Lozano, Eileen Andry, Larry and Freddie Lister and Collette Glass.

Mrs. Green is WMU president

Mrs. J.J. Green was elected president of the Women's Missionary Union of Waveland Baptist Church at a meeting of the executive board Sept. 9.

Other officers proposed by the nominating committee and elected are Mrs. Edward Clayburn, secretary-treasurer; Mrs. Richard Rogers, study

chairman; Mrs. Joseph Daly, activities chairman; Mrs. Jack Smith, junior girls auxiliary counselor; Mrs. Walter Daemens, primary Sunbeam leader; Mrs. Joe Roberts, beginner Sunbeam leader, and Mrs. Bill Olson, young women's auxiliary counselor.

LONG THE WAY—The huge,

golden half-moon hanging in harvest splendor in an inky sky; tiny first graders appearing much too small to handle school bags, umbrellas and similar paraphernalia as they trudge by, pyracantha berries showing first shades of radiant hues to come and the sound of the first north wind of the season blowing refreshingly in—refreshing now—but a promise of chilly months to come.

PITY THE POOR PENNY

No one has to tell you that the purchasing power of the lowly penny is shrinking each year. But take heart! There's one item that the penny will buy more of today than 20 years ago—electricity.

Do you know that a single penny spent for electric power will:

- Run your food mixer for three hours
- Keep your dishwasher operating for

one day
• Provide radio entertainment for a week
• Wash three tubfuls of clothes

Today, our average residential price per kilowatt-hour is little more than two cents—lower than the national average.

So, put more power in your pennies. Spend them for economical electric power.

Newcomer list shows 14 families

Fourteen families are on the list for the last two weeks of the Newcomer Greeting Service, Mrs. John L. Cook, hostess for Bay-Waveland, reports.

The bulk of the number, as usual, are associated with the nation's space program, either at Mississippi Test Operations or at Michoud.

Newcomers with General Electric Co. are the E.G. Francis family and teen-aged son, from Boston, Mass., living on Vacation Lane, Waveland, the James T. Elsoga and two small children, from Hattiesburg, on Austin Lane.

Moving here with Chrysler Corp. are the J.R. McPhails and three children, from Birmingham, Ala., residing on Favre Street, Waveland, and the R.A. Taylors and two young sons from Peoria, Ill., on Carroll Avenue.

L.W. Nybos with three sons

and two daughters, from Huntsville, Ala., are moved here with NASA and are on North Second Street. The W.L. Crawfords of

Sumsar, Indonesia, who are with Morrison-Knudsen, are at Bay Royale.

The James Sims from Jacksonville, associated with Milan Division of Koppers, Inc., are

on Main Street, Trailer dwellers include the J.M. Pitts from Hattiesburg who are with Levee and Kiewit, the F.C. Builders, from Conway, Ark., and two teen-aged daughters, with Paul Henderson; C.L. Baby from Dallas, Tex., with Martin Brothers; and W.E. Farnham from Laurel with four children, associated with Hancock General Hospital.

Others are the L.B. Cunningham's from Tampa, Fla., retired, who are on Boardman

Harrington-Miller and Garners cop

duplicate tourney

Mrs. L. Harrington and

Mrs. Miller and Mr. and Mrs. Thomas Garner took first place in last Friday's tournament of the Bay St. Louis Duplicate players played at the Garden Center. Five and a half tables

competed under the direction of Wolfgang Horn with fractional master points awarded to the winning pairs and high finishers.

The Harrington-Miller team won north-south with Mrs. Charles Carter and Mrs. W.

G. Horn second and Mr. and Mrs. Herbert Wise third.

The Garners took east-

west. Tied for second were

Mrs. Eugene Mogabab and Mrs. R. Dennis and Mrs. V. Head with Mrs. Norton Haas.

Play resumes at 7:30 p.m.

this Friday at the Garden Center on Leonhard Avenue. Information may be secured by calling Mrs. Horn at HO 7-6339.

Ronald Jones with three small children, from Hattiesburg, living on Dunbar Avenue, and J.L. McPhails and daughter, 5, from Aransas, Tex., in the electrical business, living on Sycamore Street.

TO ENJOY THESE TOP CHANNEL 12 SHOWS TONIGHT—call your TV Serviceman today!

If you don't get a good picture on Channel 12, New Orleans' most powerful TV station, why not call your TV Serviceman? Chances are he'll discover (as our Channel 12 engineers recently did when they checked many homes in this area) that your antenna either isn't oriented for 12, or it's an old low-band antenna that picks up only channels 2 to 6. Your Serviceman can either orient your antenna for Channel 12 (without disturbing other channels) or replace it with an all-channel antenna that'll give you a much better picture on all existing channels (2 to 13)—yet it costs no more than an old-style antenna. Call your TV Serviceman today—and enjoy these great programs tonight!

INITIAL OFFERING (AT PRE-COMPLETION PRICES) OF LOVELY LOTS in historic **OAK HARBOR Estate**

Now offered for the first time spacious lots in OAK HARBOR. You may live and enjoy fishing, swimming, boating where 155 years ago, Jean Baptiste Doby, a native of France was given a Spanish Land Grant consisting of 1208 acres on Bayou Caune, now spelled Cowan, and Mulatto Bayou. Your home may be built under one of the hundreds of enormous oaks which stood when slaves cultivated cotton and pecans on the Doby plantation, or where Jean Baptiste's grandson Thomas Doby, jr., rode off to battle in 1864 never to return, or perhaps where his father Thomas, Sr., was thrown from his horse and to this day, the violets are said to blossom larger where his blood was spilled. Drive out and see this development where today's most modern convenience, and artfully with the romance of yesteryear.
